

# Laura Trevisan Mosher

Lead Software Engineer, Founder

I am a queer, autistic engineer who is enthusiastic to both learn and mentor with a passion for challenging the status quo, normalizing mental health, embracing neurodiversity, and ensuring everyone believes that they belong.

## I've worked with...

- Ruby, Ruby on Rails
- Javascript, React
- API, REST, GraphQL, and Elasticsearch
- Postgres, MySQL, Redis
- Docker, Compose
- Terraform
- AWS Cloud Services

## Fun Facts

### Digital Nomad

I take remote work on the road. Travel the country in a teardrop trailer, working wherever we stop.

### Indoor Rock Climber

Rock climbing and bouldering is problem solving with my body.

### Creator and Maker

I love to create things, whether that is drawing, painting, yarn crafts, woodworking, or home DIY.

### Animal Lover

Proud pet parent of rescue dog Jackie, rescue kitten Piper.
